

Project Designer

Portland | OR

Who We Are

At PeopleSpace, we're bold, we're innovative, and we work with amazing furniture and even better people. We give customers the best experience we can, and we do it in a way that helps our employees grow, succeed, and have fun.

What You'll Do

The Project Designer serves as the Designer and Specifier, and interfaces with Workspace Consultants, Strategic Accounts Team, and Project Managers to develop creative design solutions and generate proposals, floor plans, and product specifications.

Responsibilities

Programming to Determine Clients Needs

- Conduct client needs analysis through interviews and questionnaires
- Create typicals for workstations, private offices, conference rooms, and pertinent areas

Budget and Product Selection

- Develop "Good" "Better" "Best Solutions" for typicals and seating
- Provide value engineering and upgrade solutions
- Assist Sales with establishing a budget for the project
- Participate in product evaluations and selections

Design and Development of Specifications/Presentation Materials

- Develop spaceplans utilizing selected typicals and product solutions (CAD or CANVAS)
- Generate Project Spec Worksheet (SIF) specifications from approved spaceplans
- Assist in the selection of fabrics, finishes, and coordination with building finishes
- Create renderings, boards, and presentation materials needed to secure the project

Generate Present and Obtain Approval of Proposals

- Prepare documentation to provide to Sales or PM for obtaining installation quotes
- Make revisions and spec check for accuracy
- Deliver SIF FINAL specifications to Customer Service for discounting and to generate Team Design FINAL Proposal

IT'S NOT JUST ABOUT FURNITURE.

Working for PeopleSpace means inspiring leadership, amazing resources, and great culture
